

The conference shall serve as an important forum for sharing the latest innovation and best practice strategies towards a Sustainable Built Environment.

The SBE16 Malta event includes the International Scientific Conference, the Green Building Exhibition and Community Outreach.

The local organizer is SBE (Sustainable Built Environment) Malta the iSBE Malta Chapter, in collaboration with the University of Malta, the Building Industry Consultative Council (BICC) of the Government of Malta and the Ministry for the Environment, Sustainable Development and Climate Change of Malta.

SBE16 Malta Partners

Organisations active in Sustainable Development are invited to be partners in SBE 16. Partners can support SBE 16 Malta in different ways. For further information visit www.sbe16malta.org or contact the SBE16 Malta organising committee: contactus@sbemalta.org
